

SPOTLIGHT OF THE MONTH: Schools in Enid, Oklahoma

Taft Elementary School

Coolidge Elementary School

Longfellow Middle School

Emerson Middle School

Old Education Building

Baseball Practice Building

Monument has recently assisted in the renovation and sustainable roofing efforts of several schools in Enid, Oklahoma, and helped them become more *environmentally responsible*. The schools involved include **Taft Elementary, Coolidge Elementary, Longfellow Middle School, Emerson Middle School** as well as their **Old Education Building** and **Baseball Practice Building** (all pictured above in order).

Combined, these projects measure approximately 127,800 sq. ft. of *Duro-Last* installed by *Monument*.

WHAT'S HOT?

Alexandria, LA

Last month's **Noteworthy Matter**: **Rapides Parish Library** was thermally inspected in mid-October.

Jared Smith, *Monument's* certified **thermographer** took various pictures during his survey, including the one above.

In this particular image: white is hot; black is cooler.

While in actuality the existing roof system is modified bitumen, which is dark in color, the new *Duro-Last* roof system for this project is white installed by *Monument*.

***Monument Roofing Systems* = *Duro-Last* Elite Contractor
Four Years Straight**

Duro-Last rigorously inspects each roofing installation that is completed by each of its 2,500 contractors. Contractors are then ranked according to inspection "grades" and can become eligible for **Elite Contractor** status.

Monument has been awarded the status of **Elite Contractor** from *Duro-Last* for the fourth straight year!
